Orders placed and paid by PM EST will ship the same business day excluding weekends and holidays which will ship next business day. Tracking information will be sent via e-mail by our shipping department. Delivery times can vary by location and shipping method. Typically, free shipping to the eastern US is estimated to be delivered in business days, where deliveries to the western US or most remote locations may take up to business days. Please add your items to a cart to determine your shipping costs and rates. Please note that international orders may be subject to customs and duty fees; all international shipping costs are the responsibility of the customer. You may also email any questions or concerns you have regarding shipping your item. Please make sure the Ship-To address you use during checkout is correct. We accept and prefer PayPal. Marine Parts Distributors products, when properly installed, are warranted against defects in materials and workmanship to the original purchaser for a period of one 1 year from the date of purchase. Warranty does not cover failure due to accident, abuse, neglect or as the result of normal wear and tear. Improper installation, careless handling, tampering or disassembly in any way will void original factory warranty. Failures due to rust, submersions, deliberate abuse, broken gears, housings or components shall not be considered for warranty, nor products used in applications for which they were not intended. The sole responsibility of Marine Parts Distributors - if any - shall be the replacement of defective products as stated above. This warranty being expressly in lieu of all other obligations or liabilities and Marine Parts Distributors neither assumes nor authorizes any other person or firm to assume for it any other liability in connection with the sale of its products or merchandise. It is the responsibility of the customer to verify the correct application information prior to purchasing any product from Marine Parts Distributors. In these cases, the return shipping costs will also be deducted from the refund using our discounted shipping rates. Buyers are responsible for the shipping of any international orders. If an order must be canceled or changed, please contact the service department as soon as possible. Shipping times for orders are staggered throughout the day, depending on which carrier is shipping your order. Customers are notified via email when their item is on the loading dock ready to ship. Please ensure that you have entered the correct shipping address at check out. It is the responsibility of customers to ensure they have provided the correct shipping address. If you need to specify a carrier to deliver your order to your address, please contact the customer service department before making a purchase. Skip to main content. The symbols are shown below with an indication of their meaning. It is made of fine materials and under a rigid quality control system. It will give you long, satisfactory service. To obtain the best use of your tractor, please read this manual carefully. Pull only from the hitch. Never hitch to axle housing or any other point except hitch; such arrangements will increase the risk of serious personal injury or death due to a tractor upset. Never allow children to play on the machine or on the Set the implement lowering speed knob in the "LOCK" implement. Use extra caution when backing up. Look behind and down to make sure area is clear before moving. When parking your machine if at all possible park on a firm, flat and level surface; if not, park across a slope. Do not attempt to mount a tire on a rim. This should be done by a qualified person with the proper equipment. Always maintain the correct tire pressure. Do not inflate tires above the recommended pressure shown Before servicing the tractor, park it on a firm, flat and level in the operator's manual. Page 16 Waste products such as used oil, fuel, hydraulic fluid, and batteries, can harm the environment, people, pets and wildlife. Please dispose properly. Page 17 3. For your safety, a ROPS with a seat belt is strongly operating loader and tractor. Do not walk or work under a raised loader bucket or If your tractor has a foldable ROPS, fold it down only Be extra careful when operating the tractor on a slope, always operate up and down, never across the slope. Do not operate on steep slopes or unstable surfaces. When operating another implement on a hillside, be sure to remove the loader to reduce the risk of rollover. These safety precautions, if followed at all times, will help you operate your backhoe safely. Page 27 2. Clean danger, warning and caution labels with soap and water, dry with a soft cloth. If a component with danger, warning and caution label s affixed is replaced with new part, make sure new label s is are attached in the same location s as the replaced component. When in need of parts, be prepared to give your dealer the tractor, engine, loader and backhoe serial number. Leveling angle 11 deg. Swing arc deg. Tire size : Front 18 X 8. Page Implement Limitations Use with implements which are not sold or approved by KUBOTA and which exceed the maximum specifications listed below, or which are otherwise unfit for use with the KUBOTA Tractor may result in malfunctions or failures of the tractor, damage to other property and injury to the operator or others. Page 43 Max. Check it before starting. To avoid personal injury: A Be sure to check and service the tractor on a level surface with the engine shut off and the parking brake "ON" Used properly, it will not damage tires, grease. The use of a counter weight significantly reduces the front axle and tire load during loader operation. A Use only tires approved by Kubota for loader use. A ROL is calculated with standard bucket. Optional attachments 4IN1 bucket etc. A Escaping hydraulic fluid under pressure can have sufficient force to penetrate skin, causing serious personal injury. Lock loader control lever 6. Insert the key into the key switch and turn it "ON". For the appropriate preheating time, refer to the table Bring helper vehicle with a battery of the same voltage as disabled tractor within easy cable reach. The above precautions are not limited only to new tractors, but to all tractors. Remove both set pins. Align set pin holes and insert both set pins and secure them with the hair pins. To avoid personal injury: A Make sure that both set pins are properly installed and secured with the hair pins. Align set pin holes, insert both set pins. Secure them with the hair pins. A if you feel less friction in folding the ROPS, tighten the nut 1 until you feel the right friction in the movement. Adjust the operator's position and engage the seat belt. To avoid personal injury: A Make adjustments to the seat only while the tractor is stopped. A The seat and suspension should be adjusted to A Make sure that the seat is completely secured ensure that the controls are comfortably at hand for the after each adjustment. To indicate a left turn, turn the switch counter-clockwise. When the left or right turn signal is activated in To avoid personal injury: combination with the hazard lights, the indicated turning A Always use the seat belt when the ROPS is light will flash and the other will stay on.
