Top quality reproduction of the distinctive Twin Tube muffler as originally used on V-model Big Twins. Complete with its two clamps. The GasBox Upsweep Mufflers. Nice reproduction of the only muffler with upswept tail section. Custom use on other models is possible provided they have the correct headpipe diameter. Authentic reproduction of the special muffler for the California Highway Patrol CHP as introduced in , with upswept tail section and spot-welded seam construction. The GasBox Fishtail Mufflers. Top quality reproduction of the fishtail muffler as originally used on Big Twins Very authentic reproductions of the original mufflers with correct details like the spot-welded bottom seam, end cap beadings and pipe saddles. These are very hard to tell from the factory equipment and accepted by the AMCA on restored motorcycles. Accurate reproductions of the original Rocket Style mufflers as used by the factory on â€" Big Twins. A must for correct restaurations. Very authentic reproductions of the original mufflers with correct details like the spot-welded bottom seam. This reproduction features exact dimensions as the original counterpart. The panhead is an OHV Harley-Davidson motorcycle engine , so nicknamed because the rocker covers resembled cooking pans. The engine is a two- cylinder , two- valve -per-cylinder, pushrod V-twin , made in both 61 c. EL and 74 c. FL, FLH displacements. The Panhead engine replaced the Knucklehead engine in and was manufactured until when it was replaced by the Shovelhead. As Harley-Davidson engines evolved, the distinctive shape of the rocker covers led Harley enthusiasts to recognise an engine simply by identifying the head, with names such as "Flathead", "Panhead", "Knucklehead" and "Shovelhead". Currently, [when? Each manufacturer includes upgrades to the original design to improve the performance and reliability while still providing the original styling and overall engine structure. Harley-Davidson Panhead engine. For the dancehall deejay, see Pan Head. This article needs additional citations for verification.
